The 100 is only on the bench - if you don't need to use the bench, use a different number instead.

There are normally 2 x S, F, Cl, Ch. Please specify in advance if you want more (or less) or if you need extra or double up numbers (pivots/busy controls)

There are spare fibreglass or steel stakes for any extras. They have blank number tags. Temporarily use white electrical tape on them and a Vivid marker.

Start, Finish, Clear, Check	Steel stakes

	100 Bench can take up to 4 boxes	bench
	single control	fibreglass stakes
